Acevedo,

I dealt with Willoughby and Cole today. Keep me posted if they return. On Tuesday I'll go there with the station's truck and pick up whatever trash is left behind.

A strategy that seems to work for me is a drive several times a week with the truck and I help them downsize and throw away items they deem as trash. It helps them be able to stay mobile and moving versus setting up camp.

Thank you for the pictures.

Hello guerra,

I would like to request for your assistance in regards these subjects at Willoughby and Cole. We're getting complaints from neighbors (Willie from 855 Cahuenga milk studios) in regards some of his clients getting harassed when walking by and the use of alcohol and controlled substances. HMDB.I.D officers make contact with them to relocate them. They leave and come back within a few hours, they also get verbally aggressive and make it difficult when relocating them. Yesterday we responded to a service call in regards same subjects for disturbing the businesses (approximately 4-6 subjects) LAPD also responded. They were having a Barbeque on the sidewalk. Today we had another complaint for the same reason. I appreciate your help in regards this matter.

Thank you, sir
